POWERED BY THE UNIVERSITY OF OTTAWA HEART INSTITUTE

Dear Colleague,

The University of Ottawa Heart Institute is pleased to announce the **13th Annual Ottawa Conference “State of the Art Clinical Approaches to Smoking Cessation”** to be held January 21 and 22, 2021. For the first time, the conference will be hosted virtually!

## **WE ARE CELEBRATING 13 YEARS - NO BETTER WAY TO RECOGNIZE NATIONAL NON-SMOKING WEEK 2021 ONLINE!**

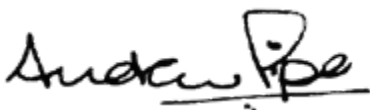

For the past 13 years, the Ottawa Conference has become the national reference point for health professionals seeking up-to-date knowledge of clinical tobacco treatment strategies. Since 2010, over 3500 healthcare professionals have attended this conference, and participant numbers have steadily increased each year. Preparations for the 2021 conference are underway. We are assembling national and international experts who will share the latest concepts in clinical tobacco treatment, program development, and smoking cessation research. Presentation topics will include: smoking cessation treatments, innovative public policy approaches, virtual smoking cessation treatment, mental health, lessons learned from implementing smoking cessation programs in Canada and around the globe, unique challenges among new Canadians, and strategies for special populations.

We invite you to become an important part of our very first online event by participating as an Ottawa Conference sponsor. This is a distinct opportunity to interact with Canadian and international health professionals – many of whom are clinical leaders and highly engaged practitioners in the field of smoking cessation. A variety of sponsorship levels have been developed for this event and we are seeking support from government, corporate, community, and other healthcare agencies. On behalf of the Ottawa Conference Program Committee, I thank you for your consideration of our invitation to participate as a sponsor at the 13th Annual Ottawa Conference.

I look forward to personally virtually welcoming you in January, 2021!

Sincerely,

**ANDREW PIPE, CM, MD, LLD(HON), DSC(HON)**
